10 Contribution to the Practice Awards

11 2025 New LSPs

Association
assess. advise. restore.

MISSION

The LSPA is the non-profit association created to support our membership in achieving and maintaining a high standard of practice in the assessment and remediation of sites in Massachusetts contaminated with oil and/or hazardous materials. The LSPA provides technical, informational, educational, and communications resources to our membership, from early career professionals to experienced Licensed Site Professionals (LSPs). The LSPA also serves as an advocate in communicating with MassDEP, the LSP Board of Registration, and the state legislature, and as a resource to the general public.

VISION

The LSPA, recognized for leadership, advocacy, and innovation, is a vibrant association of professionals who use risk-based approaches for addressing environmental contamination and are stewards for the protection of public health, safety, and the environment.

LEADERSHIP TRANSITIONS

LSPA Leadership

Wendy Rundle
retired after
15 yrs. as LSPA's
Executive Director.

Mariellen Morris
named new
Executive Director
in May 2025.

2025 LSPA PROGRAMS (cont.)

Emerging Professional Events

- **4 trainings:** Low flow training, vapor intrusion, systematic and judgmental sampling, becoming an LSP.
- **3 social events:** MCP Trivia Night, Charles River Cleanup with SAME, EPC Top Golf outing.

Networking Events

- **June 26:** LSPA goes to the Hartford Yard Goats baseball game.
- **October 15:** Annual Fall Party at The Mercantile, Worcester, MA.
- **October 20-23:** Sponsor and exhibitor at the AEHS Soils Conference.

ADVOCACY & POLICY

MassDEP

The LSPA submitted comments on several MassDEP guidance documents:

- Off Gas Treatment of Point-Source Remedial Air Emissions
- Final Installment of the 2024 MCP Amendments Q&A
- Guidance on the Use, Design, Construction, Monitoring and Maintenance of Engineered Barriers
- Establishing Financial Assurance Mechanisms (FAMs) for Engineered Barriers at Chapter 21E Sites
- Risk Characterization Guidelines, Chapters 14 and 17
- Draft of Interim Policy Regarding the Re-Use of Soil at Disposal Sites Regulated under the MCP (COMM-25)

LSP Board

- The [LSP exam](#) returned in Fall 2025 with four new exams. Twenty-three candidates sat for the exam. Congratulations to those who passed!
- Spring 2026 Exams: April 8–10, 2026.
- The LSP Board updated their application forms to make them more user-friendly.
- The LSPA commented on proposed amendments to 309 CMR 1.00–9.00, which will streamline course requirements, reduce renewal credits to 36, and consolidate credit categories. The changes will take effect immediately once the rule is promulgated.

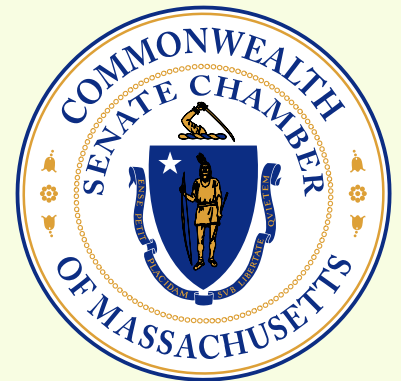

ADVOCACY & POLICY (cont.)

Legislative

Home Heating Oil Legislation ([S.813](#) / [H.1302](#)):

- The LSPA continued championing legislation to require home heating oil spills be covered in homeowners insurance policies.
- Met with the MA Insurance Federation (MIF).
- Testified in support of [S.813](#) / [H.1302](#) to the Joint Committee on Financial Services.
- Testified against [H.3471](#), which puts the burden of notifying homeowners about the optional insurance rider on oil carriers (MIF's preferred legislation).
- Held strategy meetings with legislative leaders and bill sponsors.
- Discussed amendments to S.813 with Senate Ways and Means legal counsel.

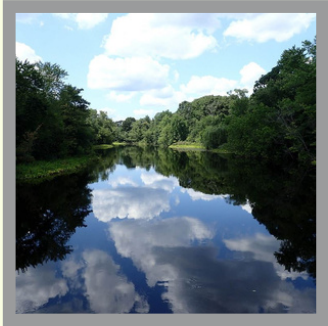

To date, S.813 is with Senate Ways and Means, and H.1302 is in the House Committee on Bills in the Third Reading.

Other Legislative Efforts:

- Testified with NAIOP MA in support of [S.2007](#), which would expand the costs covered under the Brownfields Tax Credit Program.
- Submitted testimony on [H.255](#) to protect existing AULs in cases where home daycares are proposed.
- Opposed [S.646](#) / [H.929](#), which would undermine the structure and integrity of the LSP Board.

COMMUNITY OUTREACH

Emerging Professionals
Committee Charles River
Cleanup with SAME

MASSACHUSETTS
ENVIRONMENTAL

LSPA members volunteered at
Mass Envirothon

Guest speakers for Worcester
Tech High School's
Environmental Tech Program

ACE-EJAN partnership
connecting members to
pro bono opportunities

Shared member survey **key findings** on salaries/benefits and
barriers to LSP licensure
