

**Facility Roundtable: Managing Remediation and Hazardous Waste  
December 11, 2019**

**Instructor Biographies**

Marilyn Wade, [Brown and Caldwell](#)

LSP, Managing Engineer  
One Tech Drive Suite 310  
Andover, MA 01810  
T 978-983-2055

Marilyn Wade is a Managing Engineer at Brown and Caldwell with over 35 years of environmental experience, including over two decades of environmental consulting focused on the Massachusetts Contingency Plan, and federal TSCA, CERCLA and RCRA programs for both private and public sector clients. She is responsible for leading and supervising teams of skilled professionals in all aspects of waste site investigation and large-scale complex site remediation, as well as providing environmental compliance, due diligence, hazardous building materials management and environmental permitting services. She earned a degree in civil and environmental engineering from Clarkson University, is a licensed Professional Engineer in Maine and is a seasoned Massachusetts LSP. Ms. Wade is the immediate past-President and is serving her 7th year on the LSPA Board of Directors.

Scott Miller, [Clean Earth Inc.](#)

Regional General Manager, New England  
58 North Washington St.  
Plainville, CT 06062  
860.670.7608  
[smiller@cleaneearthinc.com](mailto:smiller@cleaneearthinc.com)

Scott Miller, Clean Earth Inc. Regional General Manager, New England 58 North Washington St. Plainville, CT 06062 860-670-7608 [smiller@cleaneearthinc.com](mailto:smiller@cleaneearthinc.com) Mr. Miller has 25 years of comprehensive engineering and management experience in the environmental industry. He has designed, installed and managed groundwater treatment systems, industrial wastewater treatment facilities, in situ soil remediation systems, engineered controls and soil treatment solutions. His clients have included Fortune 100 companies, PRPs for Federal Superfund sites, municipalities, industrial clients and contractors of all sizes throughout New York and New England. Currently, Mr. Miller is the Regional General Manager, New England for Clean Earth Inc. supporting three low temperature thermal desorption soil treatment facilities, design and management of beneficial soil reuse projects and General Manager of United RETEK of Connecticut, the only permitted, mobile, hazardous waste treatment process in the State of Connecticut. Mr. Miller is a licensed Professional Engineer in Connecticut. He earned his Bachelor of Science in Civil Engineering from Lehigh University and his Master's in Business Management at UMASS Amherst.

Bryan Dexter, Environmental Sales Account Manager

[Ondrick Materials & Recycling, LLC](#)

Office: (413)592-2566

Cell: (413)519-2340

22 Industry Road, Chicopee, MA 01020

Bryan Dexter provides Environmental Sales and Account Management for Ondrick’s Soil Remediation Group. Bryan has over 20 years of experience in the regulated waste management industry spanning a large array of impacted media for disposal and recycle. Background includes consulting, soil management, zero-landfill & recycling, waste characterization, hazardous waste management and day-to-day operations of a waste brokering business.

Mr. Dexter’s role with Ondrick Materials & Recycling focuses on account management, business development, client support & planning, logistics and technical review & guidance. He has procured material, as well as managed material to several New England disposal/reuse/recycling facilities. He has worked directly with state regulators as well as large scale remediation contractors, consultants and waste generators. He is well versed in RCRA, TSCA and DOT regulations to assist clients through a variety of waste streams. Mr. Dexter graduated Plymouth State College with a B.S. in Geography/Earth Science.

Steve Pozner, Vice President

[Globalcycle Inc.](#)

700 Richmond Street

Taunton, MA 02781

617-592-6200

Steve Pozner serves as Vice President of Globalcycle Inc. His responsibilities include creating new business opportunities, operations oversight, account management, regulatory compliance, health and safety and developing/expanding reclaim water outlets. Steve has over forty years of experience with regulatory compliance, health & safety expertise, and waste transportation and disposal. His technical expertise includes in depth knowledge of the RCRA, TSCA, OSHA, U.S. DOT regulations, and various state hazardous and industrial waste regulations. He graduated from the University of Rhode Island with a BS in Chemical Engineering. Steve also formally held the position of Chairman of the Board of Health in Stoughton, MA and is a MA. licensed waste water treatment operator.

Hugo DelRosso, [US Ecology](#)  
Account Executive CT, NH, VT Western, MA & Eastern, NY  
27 Siemon Company Drive, Suite 355W  
Watertown, CT 06795  
860.993.7518
