## ***Ensuring Approval and Acceptance of Contaminated Soil***

*Thursday, September 14, 2023 from 2:30 PM - 4:30 PM*

### **Course Outline:**

The course will consist of classroom regulatory and technical presentations with time allotted for Questions & Answers, followed by a facility tour, as described below:

#### **2:30-3:15 pm:**

The regulatory presentation will be given by **David A. Slowick, Section Chief, Emergency Response, MassDEP Western Region**. Mr. Slowick's presentation will provide an overview of MassDEP Policy #WSCE-94-400, Interim Remediation Waste Management Policy for Petroleum Contaminated Soils, MassDEP Policy #COMM-97-001, Re-use and Disposal of Contaminated Soil at Massachusetts Landfills, and MassDEP Policy #COMM-15-01 - Interim Policy on the Re-Use of Soil for Large Reclamation Projects.

#### **3:15-3:45 pm:**

The technical presentation will be provided by **Bryan Dexter, Environmental Sales Account Manager at Ondrick Materials & Recycling LLC**, who will discuss Ondrick's soil management and approval processes, including pre-qualification requirements for soil acceptance and protocols as they relate to MassDEP regulations.

#### **3:45-4:00 pm:**

Combined Questions & Answers, **David Slowick and Bryan Dexter**

#### **4:00-4:30 pm:**

Walking tour of the Ondrick Soil Remediation Division Facility to provide LSPs a better understanding of treatment and disposal processes, led by **David Costanzo, Environmental Division Manager for Ondrick Materials & Recycling, LLC**.
