

Project Manager – Environmental Services

Job Description:

The successful candidate will report directly to the remedial Investigations Manager and be responsible for managing, conducting and documenting site inspections at groundwater treatment facilities, including sampling and routine maintenance as necessary. Prepares proposals, including cost estimates, work plans, etc. and develops business opportunities

Experience:

- Eight plus years of environmental consulting experience and proven track history of project development and implementation.
- Candidate will also oversee MCP response actions involving Release Abatement Measures and Immediate Response Actions, and prepare necessary reports under direction of a Licensed Site Professional.
- Grade 2 WWT Operator industrial certification required, along with a working knowledge of the Massachusetts Contingency Plan (MCP) and environmental guidance policies.
- Experience with emergency response work a plus.

Competencies:

- Must be computer literate and have excellent reading/writing skills including the ability to read, interpret and utilize information contained within technical drawings, schematics and specifications.
- Ability to work in a team environment as well as independently

Education:

- A Bachelor’s Degree in Engineering, Geology or a related discipline required.
- 40 Hour Hazardous Waste Operations certification (HAZWOPER) preferred but will be provided if necessary.
- Candidate must be a self-starter, with a high commitment to Health & Safety.

Clean Harbors is the leading provider of environmental, energy and industrial services throughout North America. The Company serves a diverse customer base,

including a majority of the Fortune 500 companies, thousands of smaller private entities and numerous federal, state, provincial and local governmental agencies. Through its Safety-Kleen subsidiary, Clean Harbors also is a premier provider of used oil recycling and re-refining, parts washers and environmental services for the small quantity generator market.

Headquartered in Norwell, Massachusetts, Clean Harbors has waste disposal facilities and service locations throughout the United States and Canada, as well as Mexico and Puerto Rico. We offer competitive salaries and progressive benefits including health, dental, life insurance, 401K, generous paid time off, tuition reimbursement and more. We offer a drug free work environment and require a pre-employment drug screen. All Applicants are subject to pre-employment security background checks, and some positions may require pre-employment physical fitness for duty tests.

Employment is contingent upon a successful background check and drug screen. Some positions also require a pre-hire medical exam. Must meet all work eligibility requirements. Environmentally-responsible business.
