Langan has an immediate opening for a Hazardous Building Materials Professional with 1 to 4 years of experience specializing in asbestos, lead based paint and PCB work in our New Haven, CT office. As the successful candidate, you will have an enthusiastic, can-do attitude with experience in performing hazardous building materials surveys and abatement monitoring, including but not limited to asbestos, lead, PCBs, mercury, and mold. Possession of a strong technical education, professional demeanor, and entrepreneurial mindset is essential. The ideal candidate will also have the desire to help firsthand with building a rapidly growing practice group.

Job Requirements:

- Bachelor's or Associate's degree in Science related field preferred;
- Minimum of 1 year of related hazardous building materials survey and abatement/remediation monitoring experience (asbestos, lead based paint and PCB experience is essential);
- Thorough understanding of Connecticut and Federal (MA, NY considered a plus) asbestos, lead, and PCB regulations/guidelines including: design protocols, survey requirements, abatement monitoring requirements and reporting;
- Required Licenses/Certifications:
 - State of CT DPH Asbestos Inspector and Project Monitor
 - State of CT DPH Licensed Lead Inspector
 - Related licenses in other states (MA, NY, NJ, etc.) and additional CT licenses (Lead Risk Assessor, Asbestos Designer) are considered a plus;
- Ability to read and understand project specifications, drawings and plans, hazardous materials survey reports;
- Experience performing surveys and project monitoring of environmental and building abatement projects relating to asbestos, lead based paint, PCBs and other hazardous building materials;

- Experience with proposal writing, abatement/remediation estimates, report writing, and specifications is considered a plus;
- Proficient using Microsoft Office;
- Reliable transportation to access job sites and a valid driver's license in good standing; and flexibility and ability to work normal business hours as well as off hours;
- Ability to multi-task with field and office work; and
- Ability to work alone and in a team environment.
