

Massachusetts Licensed Site Professional

Innovative Engineering Solutions, Inc. (IESI) is seeking a Massachusetts Licensed Site Professional (LSP) to join our site investigation and remediation practice in the Boston area. We are looking for an LSP with investigation and remediation experience to work on complex remediation projects.

What the work includes:

- Manage projects and prepare, review, and submit reports under the Massachusetts Contingency Plan (MCP) and other state remedial programs.
- Direct work with engineers and field staff to conduct site investigations and remediation.
- Work with engineers for design of complex remediation projects.
- Direct/manage construction of environmental remediation projects.
- Project management and client communications.

What you will be bringing to IESI:

- Bachelor's Degree in Civil/Environmental/Mechanical Engineering Geology, Environmental Science, or other technical degree (Master's Degree is a plus).
- Experience at consulting engineering firms and fundamental knowledge of applicable laws and regulations in Massachusetts as an LSP.
- Demonstrated professional judgment, strong attention to detail, and commitment to producing high-quality work products.
- Strong organizational skills.
- Strong oral and written communication skills.
- Completed 40-hour OSHA HAZWOPER training.
- Strong understanding of workplace safety precautions.

What IESI offers

- Competitive salary with annual performance bonuses.
- Generous retirement plan (SEP-IRA funded by the company).
- Medical and Dental Insurance (Blue Cross Blue Shield).
- Short-term and long-term disability insurance.
- Flexible workplace to support work life balance.
- Professional development and technical training.
- Professional society involvement and sponsorship.
- Opportunity for company ownership stake.

If interested, we would love to hear from you! Please send resumes to davefatko@iesionline.com.
