

Open Position: Environmental Project Managers and Licensed Site Professionals

Company: TERRA Environmental, LLC

Location: Reading, MA (Commuter Rail accessible)

Position Type: Full-Time

Are you an experienced environmental professional ready for a fresh challenge and the opportunity to take your career to the next level? **TERRA Environmental** is seeking an energetic and motivated **Environmental Project Manager and Licensed Site Professionals** to join our growing team.

At TERRA, you will lead meaningful projects that directly improve and protect the environment. We pride ourselves on a friendly, collaborative, and highly professional atmosphere where your ideas are valued, your vision is shared, and your contributions are recognized.

What You'll Do

As a pivotal member of our project delivery and leadership team, you will:

- **Manage Impactful Projects:** Direct technical, budgetary, and regulatory aspects of site investigation, compliance, and remediation projects.
- **Navigate Regulations:** Apply deep knowledge of Massachusetts (MCP) and federal regulatory programs to deliver sound compliance strategies.
- **Write & Communicate:** Author high-quality technical reports, regulatory submittals, business correspondence, and comprehensive work plans.
- **Engage Clients:** Act as a primary point of contact for a diverse mix of industrial, institutional, and governmental clients, effectively presenting complex technical information.
- **Drive Business Growth:** Maintain trusted client relationships and identify new opportunities to expand our work with both public and private entities.
- **Collaborate in the Field:** Attend key onsite client meetings and project sites (local travel required).

What You'll Bring

- **Education & Credentials:** Bachelor's degree in engineering, Geology, Environmental Science, or a closely related field.
- **Certification and Licenses:** LSP License not required
- **Proven Experience:** Strong background in the environmental field with a distinct focus on project management, site assessment, and remediation.

- **Regulatory Expertise:** Strong familiarity with Massachusetts and Federal regulations related to soil, groundwater, and building materials.
- **Communication Excellence:** Superb written and verbal communication skills, with the ability to translate complex technical procedures and governmental regulations into clear, actionable data.
- **Leadership Traits:** Excellent organizational, time-management, and relationship-building skills.
- **Logistics:** A valid driver's license is required.

About Our Projects & Clients

Our clients ask us to tackle their most challenging problems involving the environment, natural resources, and civil infrastructure. We actively foster long-term partnerships by:

- Establishing and maintaining positive, trusted relationships with property owners, client representatives, and external stakeholders.
- Sourcing new ventures from a robust mix of primary and emerging public and private sector clients.
- Consistently delivering high-quality correspondence and engineering collaboration across all project lifecycles.

About TERRA Environmental

TERRA Environmental services both public and private clients throughout Massachusetts, New England, and New York. Our main office is located just north of Boston in **Reading, MA**, highly accessible via Route 93 and Route 128, and a short walk from the MBTA Commuter Rail.

We are dedicated to improving the quality of life for both our clients and our employees. We offer:

- Competitive compensation and a generous benefits package.
- A comfortable, modern, and safe working environment equipped with the latest industry tools.
- A welcoming, equitable, and team-oriented culture where professional growth is encouraged and accomplishments are celebrated.

TERRA Environmental is an Equal Opportunity Employer.
