

INSTRUCTOR BIOGRAPHIES

Daniel Crafton

Mr. Crafton has worked in MassDEP's Emergency Section, Southeast Regional Office, since 1995 and has served as its Section Chief since 2007. He has worked on numerous significant spills and publically funded cleanups including the B-120 oil spill in Buzzards Bay and the remediation of lead shot contaminated soil at a trap range. Prior to MassDEP, Mr. Crafton worked for an environmental consulting firm. Mr. Crafton graduated from the University of South Carolina and New Mexico State University with a BS and MS in Geology.

Kevin Daoust

Mr. Daoust began his career at MassDEP in the Central Regional office in 1995 as the Data Manager through 1997 when he joined the Emergency Response Section. In 2012, Mr. Daoust became the Brownfields, Risk Reduction, and Enforcement Section Chief in the Western Regional Office where he oversaw complex Brownfields redevelopment site projects as well as complex long-term site remediation. While in WERO, Mr. Daoust also developed an All Hazards Planning and Response computer module to be available to MassDEP Emergency Response and regional management 24/7 on and off the MassDEP computer network. In addition in 2008, he developed the concept for the electronic penalty calculator and was integral to the development of MassDEP's Penalty Calculator program as part of the Compliance and Enforcement Enterprise Team. In 2015, Mr. Daoust became the Emergency Response Section Chief in the Central Regional Office. He earned a bachelor's degree in Civil Engineering with an emphasis in Environmental Engineering and a master's degree in Environmental Engineering, both from Worcester Polytechnic Institute.

Kingsley Ndi

Mr. Ndi has worked as an environmental engineer in the Emergency Response Program at the MassDEP since 1984. Prior to joining MassDEP, he worked as a Research Associate at the University of Lowell where he researched a number of oil spill response and tracking techniques and co-authored several articles on marine oil spill investigation and response techniques. Mr. Ndi has been the Emergency Response Chief for the Northeast Regional Office since 1997. During the course of his career, Mr. Ndi has been involved in various facets of the response and mitigation of terrestrial and marine spills of various magnitudes. He has also served as co-Panelist and/or Presenter at similar training events or conferences. Mr. Ndi holds both B.S. and M.S. degrees in chemical engineering from the University of Massachusetts in Lowell.

David Slowick

Mr. Slowick has worked in MassDEP's Emergency Section, Western Regional Office, since 1986 and has served as its Section Chief since 1990. He has responded to numerous releases of oil and hazardous materials and has provided oversight of hundreds of preliminary response actions. A western Massachusetts native, Mr. Slowick is a graduate of Worcester Polytechnic Institute.
